Ellen works on the beginning stages of her next *Children by the Sea* series painting. She'll share what moves her to paint portraits, her techniques and her thoughts about bringing children, adults and pets alive on canvas during a meet-with-the-artist event from 1 to 5 p.m., Saturday, Feb. 13.

Dear

My gallery will host two festivities this weekend, and you're invited to both.

During the first, this Saturday, Feb. 13, I'll share what goes into painting the

children, pets and other people in our lives from 1 to 5 p.m., particularly my ongoing *Children by the Sea* series. If you'd like to know more, please click [here](#) for an article in today's Cape Gazette.

You don't have to limit yourself to questions about portraits. I'm just glad to be seeing old friends and patrons and if you make it, it will be great to see you. Come in, have a seat and enjoy warm refreshments while we catch up.

### **Our second event is all about Disney.**

If you're thinking about a vacation with Disney in the next year or so, Disney certified Glass Slipper Concierge travel adviser Duane Whitman will have hourly presentations this Sunday, Feb. 14 (Valentine's Day) answering the "Most asked questions about vacationing at Walt Disney World or with the Disney Cruise Line" from 10:30 a.m. to 3:30 p.m.

He'll also give updates on the new Star Wars themed area of the Disney Dream cruise ship, new Star Wars cruises that are just starting and the

Star Wars themed events and developing attractions at Disney's Hollywood Studios in Walt Disney World. If you'd like more details about his presentations, you can read a Cape Gazette article in today's paper [here](#).

*You're welcome to join us for both events. Hot cocoa, coffee and wine will be served. Come in and ward off the cold!*

### **Feathered Sunshine**

My new Goldfinch painting, Feathered Sunshine, is finally online. You can read the painting's story, view a larger image and order prints by clicking onto my website [here](#).

Feathered Sunshine, a 16" x 12" oil on canvas and archival gicle'e prints. Prints start at \$45 unframed.

Please remember that online, digital images will never show a work of art's true colors, depth and luminosity. Original paintings are always best seen in person, though collectors of my work can be assured anything you buy online is on a par with all of my other works.

### **Art Lessons**

I have a growing list of people who would like to take art lessons from me and I will start giving them at the end of February. The majority vote is that they take place on weekends. An announcement will come soon to those who have expressed interest.

If you're interested, please reply to this email and tell me a few things about yourself and what you hope to learn by taking lessons from me. No skill level required, just the desire to learn.

*I hope I get to see you this weekend. Keep warm and think spring!*
